A focused approach to skill development, ensuring placement and a successful career

# TRAINING PROCESS OVERVIEW

## Mission

Our mission is to create an education system where everyone has equal opportunities. We want all learners, no matter their background, to have the support and skills they need to get a job and grow in their career.

## Vission

Our vision is to reach every learner across the country and make education accessible to all. We aim to help every child achieve their dreams, reach their full potential, and support them in learning throughout their lives.

## **WORDPRESS DEVELOPMENT**

A WordPress course teaches how to build and manage websites using WordPress, covering setup, theme customization, content creation, plugins, and SEO optimization.

## **INTERVIEW SESSION**

An interview session course helps individuals develop strategies to succeed in job interviews, focusing on effective communication, question handling, and confidence-building.

## **WEB HOSTING & DOMIN**

Web hosting is the server that holds your website, and a domain is the name people use to visit it.

# **GROUP OF IT LEARNING INSTITUTE**

We use the latest technologies and tools and always focus on new and trending ideas
